**GitHub Link: [https://github.com/SumedhaMahendra/AttendancePortal\\_SumedhaMahendra](https://github.com/SumedhaMahendra/AttendancePortal_SumedhaMahendra)**

**Steps to run:**

- 1) Teachers needs to login by entering the email and password
- 2) If the teacher is not registered then ne needs to register himself by going to registration page where basic details like profile,name,email and passwords needs to put in a form
- 3) Once done, tecaher can visit the home page where he can mark the attendance by selecting the date, dividion
- 4) Once the attendance is marked teacher can either logout ot manage their classes or see student records
- 5) If logout then hw'll be redirected to the login page
- 6) If clicked on manage then he can add or remove students by filling the basic details of the students
- 7) And else if clicked on record, teachers can see the student record of a particular month by entering the month and student roll number.

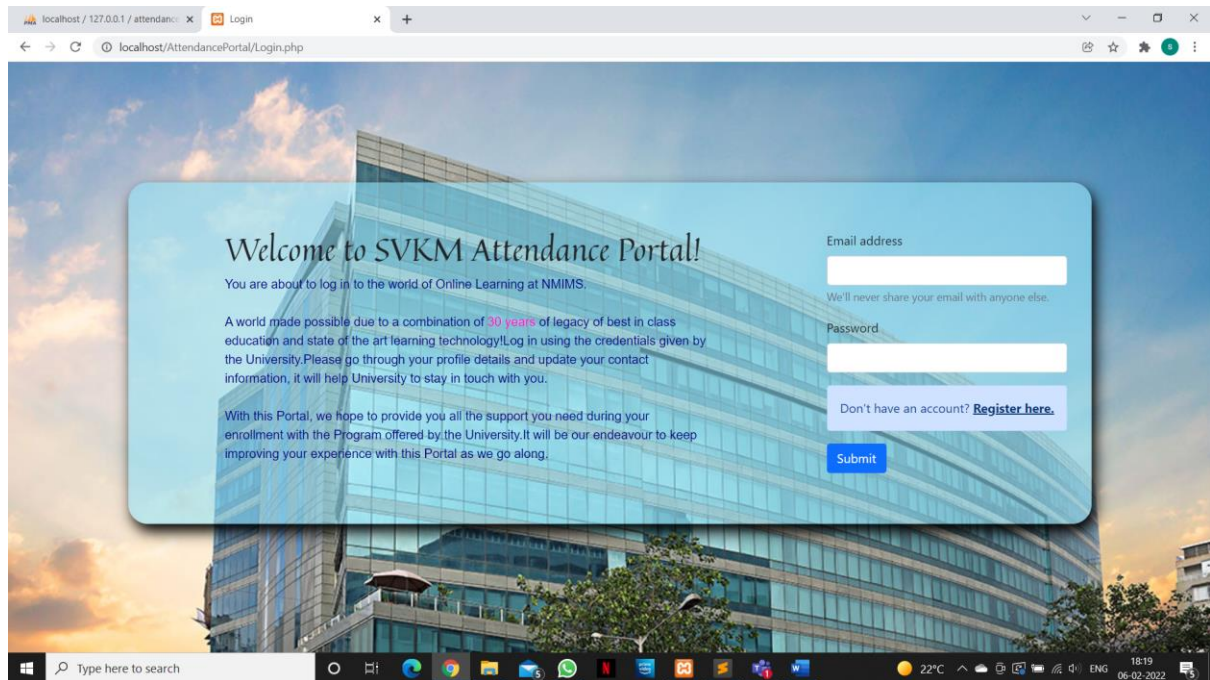

\*\*\*\*\*

**ALL THE ANIMATIONS LIKE HOVERING OVER THE BUTTON CHANGES ITS COLOR,BANNER IMAGE CHANGING AUTOMATICALLY,ETC. ,VALIDATIONS LIKE PASSWORD LENGTH AND TYPE,EMAIL,ETC. AND DESIGNING LIKE SHADOWS,COLORS,MARGINSG,PADDING,ETC. HAS BEEN DONE.**

**Project is as below:**

This is the home page from where the attendance portal starts.

There are 2 field for email and password and if the professor is not a registered member, he/she can register himself by clicking on the register here button provided.

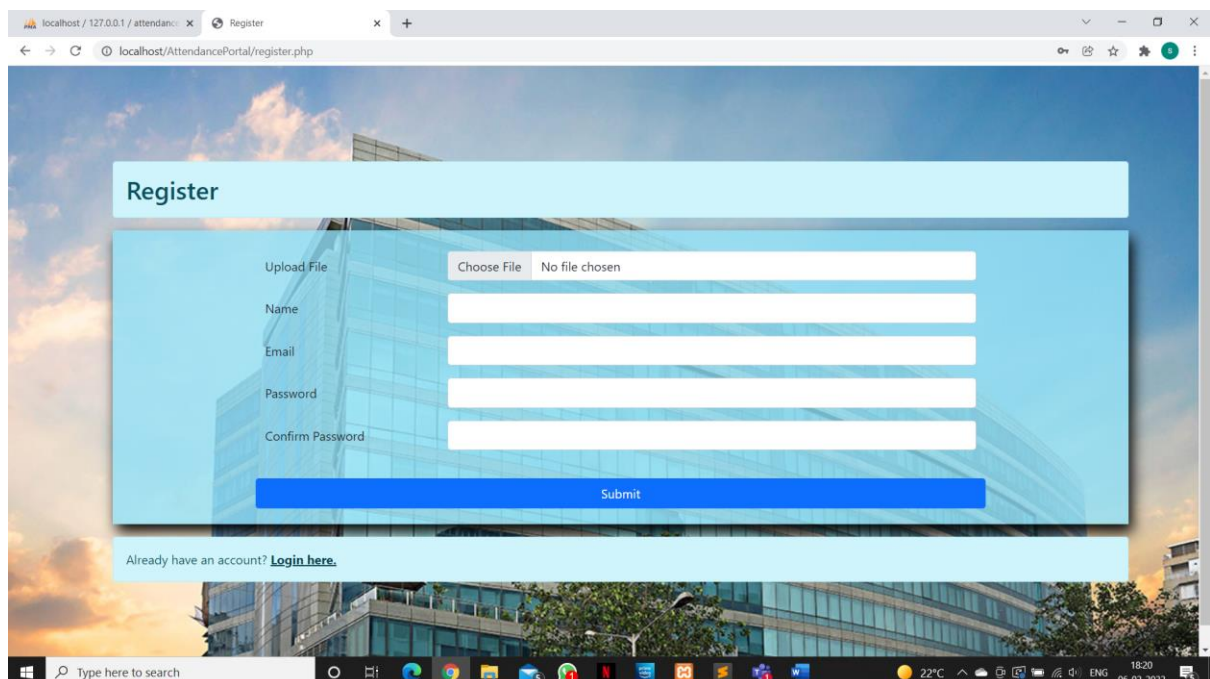

The screenshot shows a web browser window with the URL `localhost/AttendancePortal/Login.php`. The page features a large background image of a modern glass building. A light blue overlay contains the following text and form elements:

- ## Welcome to SVKM Attendance Portal!
- You are about to log in to the world of Online Learning at NMIMS.
- A world made possible due to a combination of **30 years** of legacy of best in class education and state of the art learning technology! Log in using the credentials given by the University. Please go through your profile details and update your contact information, it will help University to stay in touch with you.
- With this Portal, we hope to provide you all the support you need during your enrollment with the Program offered by the University. It will be our endeavour to keep improving your experience with this Portal as we go along.
- Email address

We'll never share your email with anyone else.
- Password
- Don't have an account? [Register here.](#)
- 

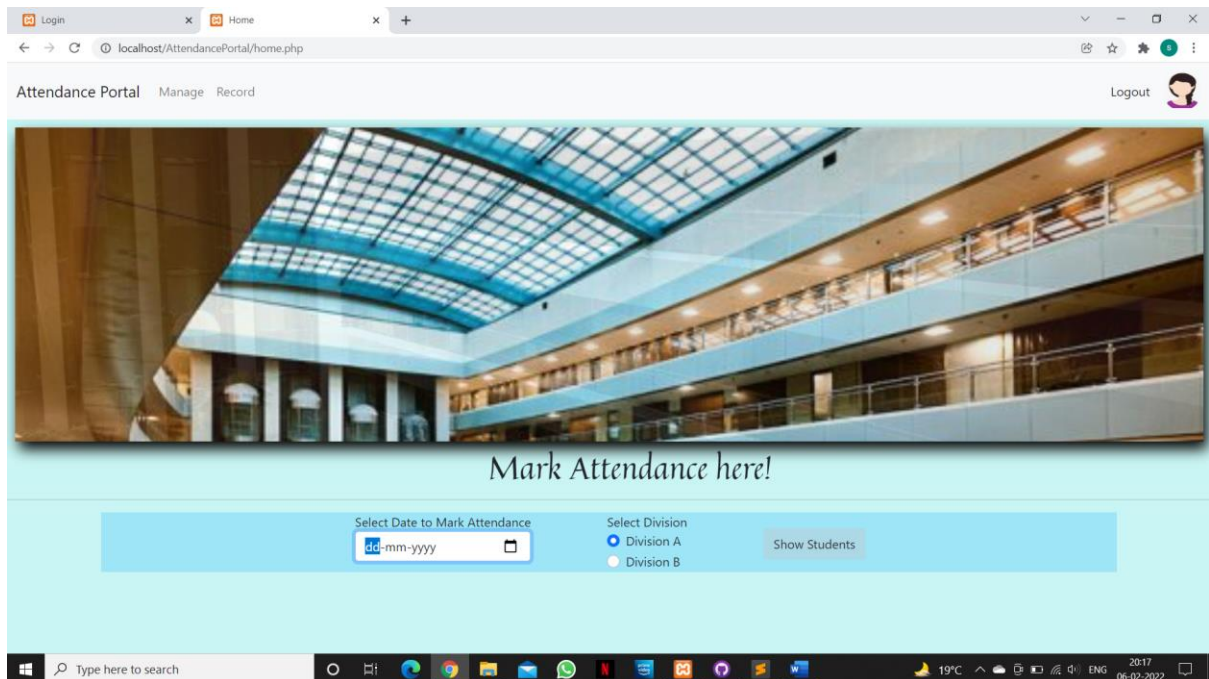

This is the page registration takes place. Teachers need to add their photo, name, email, password and check the password entered. Proper validation have been done for all the fields. Once done, they need to click on the submit button and the data gets stored in the database and the person can login any time.

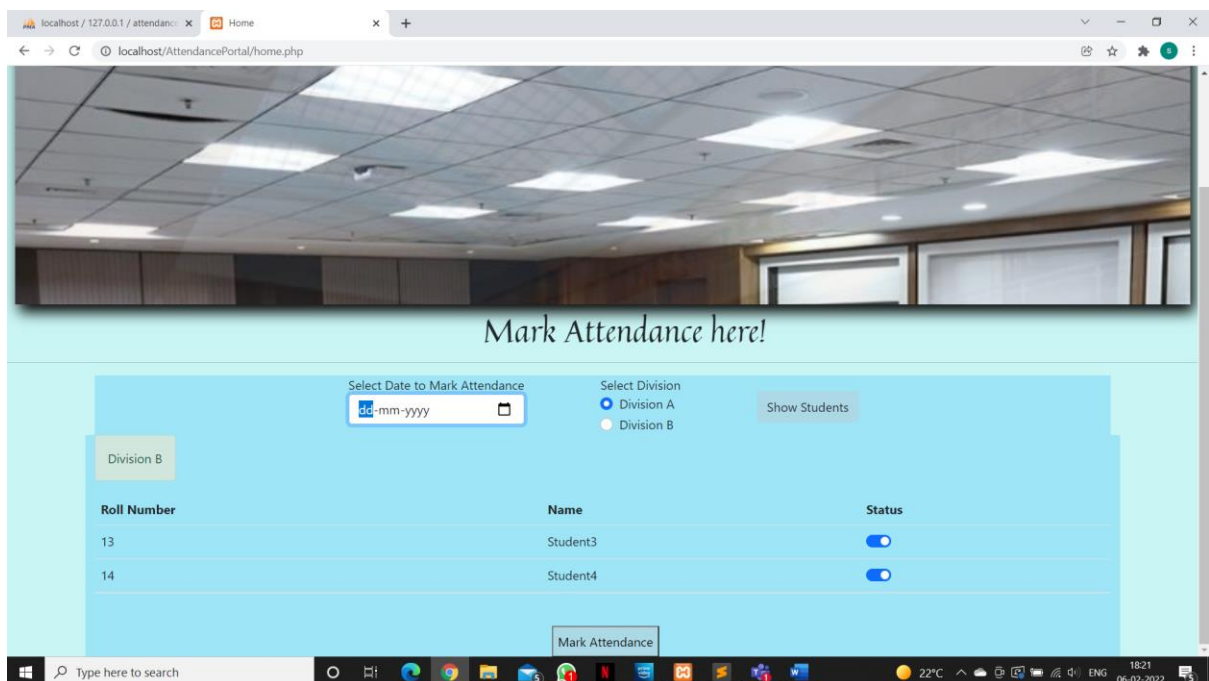

The screenshot shows a web browser window with the URL `localhost/AttendancePortal/register.php`. The page features a large background image of a modern glass building. A light blue overlay contains the following text and form elements:

- ## Register
- Upload File  No file chosen
- Name
- Email
- Password
- Confirm Password
- 
- Already have an account? [Login here.](#)

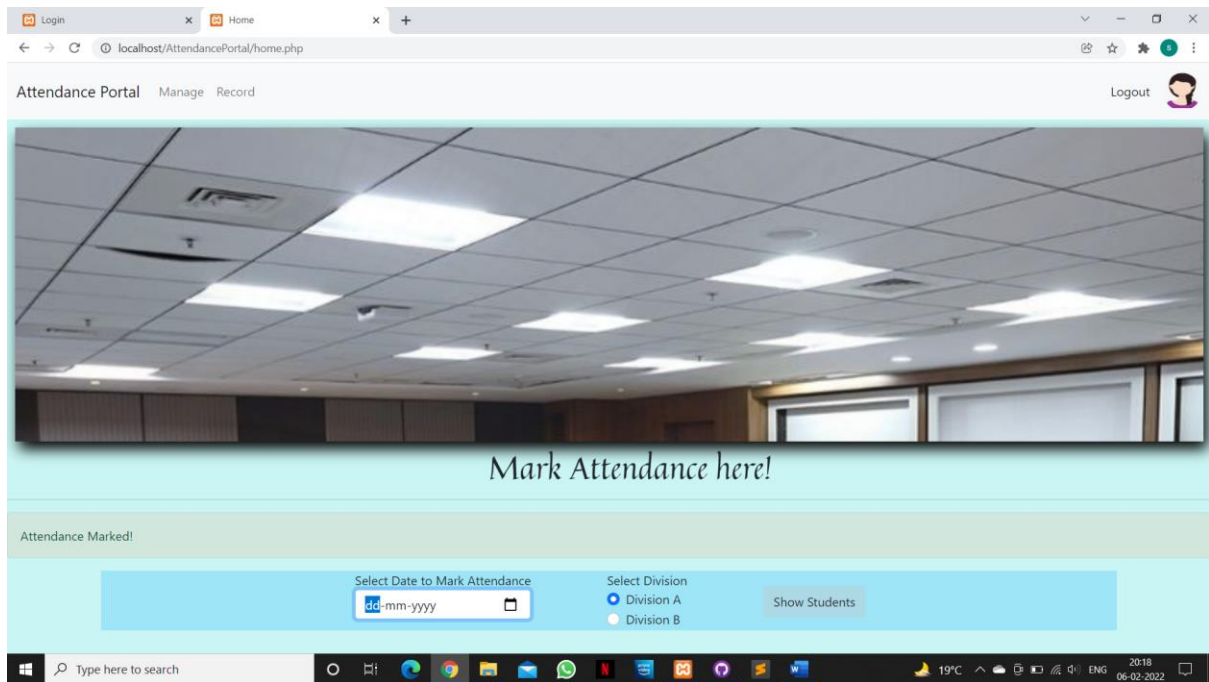

Then comes the home page. Here teachers can see their profile pic uploaded, manage students and mark attendance and logout themselves. Animations have been done on the banner image. Below is a small form where teacher needs to select the date, division to mark the attendance and click on the show students button. Students of the selected division will be shown and the teacher can mark the attendance.

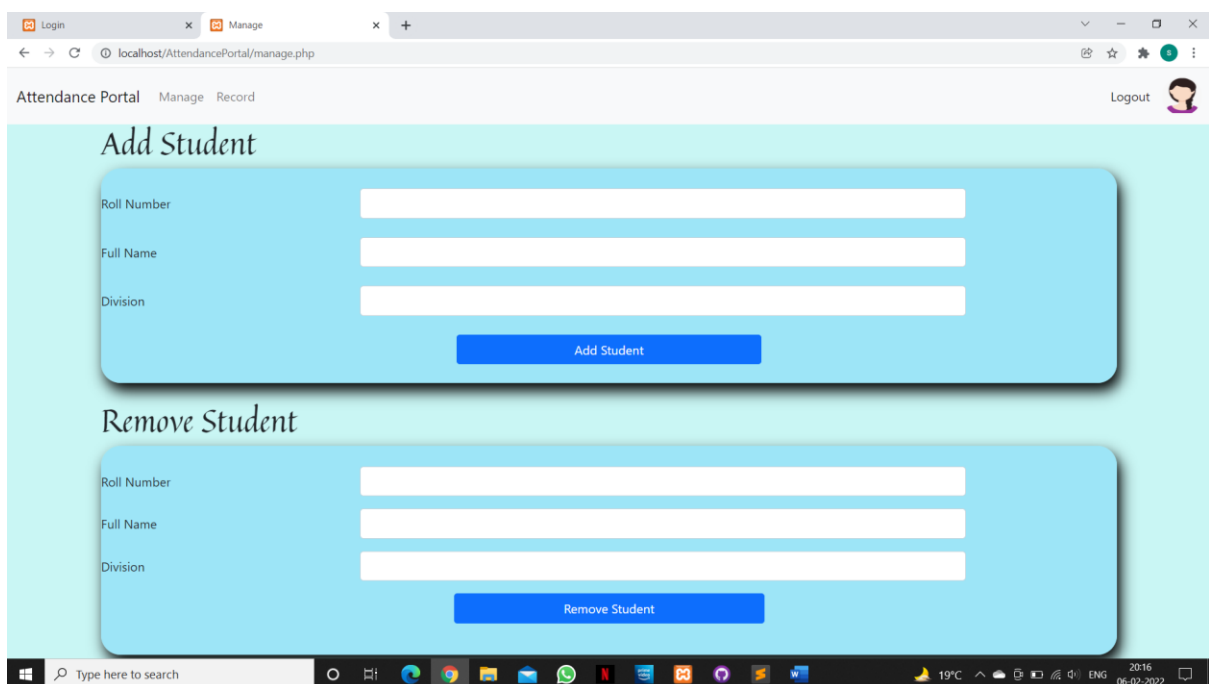

This is how the students are shown in the form and toggle switch is provided to mark the attendance of the students accordingly which goes into the attendance table in the database. And the students details are shown from the students table in the database

Once the attendance is marked teacher will get to know by the alert box used.

This is the manage page where teachers can manage the students i.e. add or remove them from a particular class.

Once added or removed teachers get to know by the alert that pops up for the forms made.
